

1U Fiber Optic Termination Shelf

1U Fiber Optic Termination Shelf – Economic OPDIRAE1UV

The Optronics 1U Fiber Optic Termination Shelf is design for indoor fiber management which can be configured in many ways. Optronics 1U termination shelves can be combined to create specific solutions and meet your application needs. They can also hold many of the standard industry adapter types like the ST, FC, SC simplex, and LC duplex.

Key Features

- Mount in 19" frame installations.
- Slide-Out features and front mounting panels for ease installation, inspection and testing.
- EIA-310-D compliant.
- Electrostatic powder coated paint.
- Slot for 3 modular panels, up to 36 ports capacity.
- 2 shelves capacity for 12 to 24 splices.

SPECIFICATIONS

Material	Laminated steel		
Finished	Electrostatic powder coated paint		
Norm compliant	EIA-310-D		
Measures	Length: 48cm (18,9")		
	Width: 20.7cm (8,15")		
	Height: 4.4cm (1,73")		
Modular panel	Panels inside capacity	3	
	Maximum port capacity	36	
Couplers in modular panel	Coupler	Ports	Recommended capacity
	FC MM/SM	6, 8 and 12	8
	ST MM/SM	6, 8 and 12	8
	SC SX MM/SM	6	6
	SC DX MM/SM	6	12
	LC DX MM/SM	6	12
